However, in order to provide a greater opportunity for more people to present at the Conference, each accepted paper should have a different conference registrant.

For inclusion in the IHET 2020 Conference Proceedings, at least one registration per submission is required by 10 April, 2020 .

## **Instructions on how to prepare your presentation**

In general, the duration of each presentation should last 15 min with 2 min for discussion. The session chairs may, at their discretion, increase the time allocation to each presenter. Prepare and bring your presentation file saved in Microsoft PowerPoint (.ppt), (.pptx) file format. Internet access will NOT be available in the meeting rooms.

Check in at the Session Room, preferably 30-45 minutes before your session, to submit/upload your files and to preview your presentation. If checking in the day of your session, please arrive by at least 4 hours prior to the start of your session (this refers to the session start time, not the presentation start time). Each room is equipped with a laptop PC and a projection system.

Session chairs or support team will be available to assist with the upload of your files and provide the opportunity to preview and/or edit the presentation, as necessary.

Bring a Backup: Be sure to bring a backup copy of your presentation with you to the meeting. Please note, the Final Program may be changed due to speakers attendance, etc.

## **Requirements for Making Posters**

All presenters, regardless of the mode of presentation (verbal or poster) are invited to prepare full papers for the Conference Proceedings (Optional). Since frequently the intent of posters is to convey late-breaking scientific news and work in progress, they will be promptly peer reviewed as they are received.

[In order to submit your Poster login to the IHET Conference Submission System](#)

The posters will be mounted on poster boards (one poster per board) with tacks which will be available on site. The poster boards are **3 feet (height) x 4 (feet) wide OR 90 cm x 120 cm**. Presenters can mount multiple single sheets of paper, larger posters, pictures, or any printed materials on the boards. Please note that equipment needed for demonstration is the responsibility of the author. Construct the poster to include the title, the author(s), affiliation(s), and a description of the research, highlighting the major elements that are covered in the abstract.

Make sure your lettering is neatly done and is large enough to be read from a distance. Note: Inclusion of extended poster abstract in the Conference Proceedings is conditional upon registration of at least one author per poster. A different author should register for each poster demonstration.
